LEARNING

Question 1

How far into the presentation did you stop paying attention? What brought you back (or not)?

Question 2

What were you hoping to learn from the session?

Question 3

What were your top 1 or 2 learnings?

For each learning – how can you apply that when you get back to work?

Question 4

What person from your organization do you wish was in attendance?

What did they need to hear?

Question 5

What did the speaker say that you did not necessarily agree with?

Why?

Question 6

What did you wish the speaker had talked about?

What would you have said on that topic if you had the microphone?

Question 7

How did the topic relate to being a leader in an EOS company?

Question 8

If you were going to teach/share your learnings with your team, what are the key 3-5 things you would talk about?

Question 9

Would you recommend this speaker to others? Why or why not?

Question 10

If you were going to give a talk like this, what would be your topic?
